

Specifications

STORM NEOPRENE SCREW TYPE HALF MASK RESPIRATOR

Product Description:

NEOPRENE SCREW TYPE HALF MASK RESPIRATOR

Product Code:

RNPGY-D550-FT-SIZE

Features:

- Face piece made from comfortable, non-allergenic elastomer material for comfort and fit.
- The soft, contoured sealing flange eliminates discomfort caused by pressure points.
- The enhanced suspension makes it easier to adjust and sits more securely on the crown of the head.
- Exceptionally low breathing resistance.
- Positive pressure fit check without removing cover, eliminates the risk of improper seal and reduced protection due to lost or worn sealing gaskets.
- Minimises replacement parts, ease of maintenance and no cartridge receptacles to clean.

Colour:

Black & Grey

Uses:

Can be used with the STORM Class 1 series filters, or as a face piece with compressed airline apparatus.

Compliance:

SANS 50140:1998

Precautions:

Not to be used in areas that are oxygen deficient i.e. where oxygen is below 19%. Not to be used where the contaminant is IDLH. Only to be used with STORM approved Class 1 series screw in cartridges. Only to be used with the applicable cartridges to protect against the particular hazard. Not to be worn with facial hair, i.e. no beards or moustaches.

Sizes:

M/L

Cartridges & index filter type
